4 DAYS IMPLANT PROSTHETIC COURSE :

- Session 1 : Occlusion
- Session 2 : Fundamental
- Session 3 : Intermediate
- Session 4 : Advanced

Sep. 19, 2020 - Dec. 12, 2020

Southern California

Up to 28 CEUs

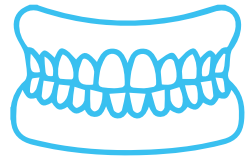

COURSE OVERVIEW

SESSION 1 : OCCLUSION

7 CEUs

Date : Sep. 19, 2020 | 9:00AM - 5:00PM

Tuition : \$400 *This is a prerequisite course.

From composite fillings to single crowns to multiple unit bridges to implant restorations, achieving predictable high-end restorative practice can be challenging for any dental practitioner. For cosmetic cases, full mouth reconstructions, partial/full dentures and implant restorations, understanding the particular patients' occlusion is most critical for the successful outcome of the case. Yet, most dentists are not satisfied with the occlusion knowledge they got from dental school or usual continuing education courses. Dr. Lee will help you answer the following questions.

- What is Ideal Occlusion?
- Can You Describe its Rationale for the Particular Patient at Hand?
- Does Canine or Anterior Guidance Apply to Everyone?
- If Yes, or NO, WHEN, WHY & HOW?
- What is Canine Guidance?
- What about Group Function? Why? When? How?
- Is there Anything Else? YES!!! Much MORE!!!
- Do You Know How to Deliver an Ideal Hard Acrylic Occlusal Orthosis (Splint / Night Guard)? With What Occlusal Design? Why? When? Where?
- What are the Differences between Teeth & Implants in Occlusion?

“ Your Knowledge in Occlusion WILL GUIDE YOUR JOURNEY in Implant Dentistry ”

SESSION 2 : FUNDAMENTAL

7 CEUs

SESSION 3: INTERMEDIATE

7 CEUs

SESSION 4 : ADVANCED

7 CEUs

Date : Oct. 17, 2020 | 9:00AM - 5:00PM

Tuition : \$400

Date : Nov. 14, 2020 | 9:00AM - 5:00PM

Tuition : \$400

Date : Dec. 12, 2020 | 9:00AM - 5:00PM

Tuition : \$400

- Immediate Loading Techniques & Materials
- Final Restoration Delivery Techniques & Materials
- Trouble Shooting Prosthetic Complications
 - Loose Screws & Abutments
 - Porcelain & Resin Chipping & Breakage
 - Food Entrapments

COURSE PRESENTER

Dr. Thomas K. Lee

Dr. Thomas K. Lee grew up in the Chicago area and received his BA from Northwestern University in Evanston, IL, followed by his DDS from the University of Illinois, College of Dentistry in Chicago, IL. He completed his Hospital Dentistry Residency training in Fresno, CA, at the University Medical Center. He practiced as a general dentist in Sacramento, CA for a year before furthering his training at the UCLA School of Dentistry in Advanced Prosthodontics.

Upon finishing his prosthodontics training, Dr. Thomas K. Lee was appointed as the Director of the Advanced Education in General Dentistry (AEGD), a post-DDS ADA accredited residency at UCLA. Dr. Lee worked as a full-time faculty at UCLA from 1995-2001, seeing the program he directed expand from 2 residents to 14 residents per year. Although Dr. Lee left full-time academia in 2001 to pursue full-time private practice, he was again appointed the Director and Associate Clinical Professor of the same UCLA AEGD program in 2005. Dr. Lee directed the highly acclaimed program, engaged in many research projects and maintained his private practice on part-time basis until December 2011, when he decided to primarily focus on his clinical private practice and resign from his responsibilities at UCLA.

Although still teaching at UCLA one day a week, Dr. Lee is in full time private practice in Westwood, CA, near UCLA with emphasis in TMJD, occlusion, dental implants and reconstructive dentistry. Recognized by many of his peers as an expert in complex full mouth reconstructions, Dr. Lee has presented at numerous national and international conferences in various subjects in dentistry. Locally, Dr. Lee has been leading numerous study clubs for several years, and has served as an expert to the California Dental Association and numerous legal firms for various topics in Dentistry.

Sign up for all four (4) courses and attend **OCCLUSION** course for **FREE**

All of courses held on Saturdays, 9:00am to 5:00pm - breakfasts and lunches provided.
